Speed Queen™ SPECIFICATIONS

Coin Operated Washers and Dryers

TOP LOADING WASHER SWT111

FEATURES

Extra large basket volume	71 L (2.5 cu.ft)
Normal cycle	✓
Permanent press cycle	✓
Delicate cycle	✓
Extract speed	640 rpm
Water temperature selector	✓
Auto balancing system	✓
Bleach dispenser	✓
Fabric softener dispenser	Optional extra
Top and lid finish	Tuff Guard
Colour	White
Tub	Stainless steel
Self-adjusting rear levelling feet*	✓
Self-cleaning lint filter	✓

**Heights may differ slightly depending on levelling adjustment*

TECHNICAL DETAILS

Width	651mm (25 ⁵ / ₈ "
Depth	711mm (28")
Height (including control panel)	1086mm (42 ³ / ₄ "
Cabinet top height	910mm (35 ⁷ / ₈ "
Shipping weight	101 Kg (222 Lbs)

Motor - 375W (1/2hp) reversing motor, permanently lubricated with a built in automatic thermal overload protector.

ELECTRICAL REQUIREMENTS

230V 50Hz 13amp (separately fused 2 wire plus earth).

GAS DRYER SDG109 ELECTRIC DRYER SDE 107

FEATURES

Cylinder volume	201 L (7.1 cu.ft)
Normal/delicate cycles	✓
Permanent press cycle	✓
Time dry cycle	✓
Temperature/fabric selector	✓
180° side swing reversible door	✓
Upfront lint filter	✓
Colour	White
Self-adjusting levelling feet*	✓
Energy input (electric)	5 Kw
Energy input (gas)	7.31 Kw (25000 BTU/Hr)

TECHNICAL DETAILS

Width	683mm (26 ⁷ / ₈ "
Depth	711mm (28")
Height (including control panel)	1086mm (42 ³ / ₄ "
Cabinet top height	910mm (35 ⁷ / ₈ "
Shipping weight	75 Kg (165 Lbs)

Motor - 250W (1/3hp) motor permanently lubricated with a built-in automatic thermal overload protector.

ELECTRICAL REQUIREMENTS

Electrically heated model - 230V 50Hz 30amp (separately fused 2 wire plus earth). 4800W heating element. Optional 2500W (13 amp) at additional cost.

Gas heated model: - 230V 50Hz 13amp (separately fused 2 wire plus earth).

(Other voltages available to special order)
